Your Ref  
Date 30 November 2005

Dear Jim

Thank you for the invite to attend and speak at the impact test on 22 November 05.

2. TRL's test report will contain the impact criteria and results. I can confirm at this stage that the TruckStopper is currently the only surface mounted cantilevered gate tested against the European Vehicle Fleet to our forthcoming Pas68 impact criteria of a 7.5 tonne truck travelling at 50mph.
3. We look forward to discussing with you further testing of other Ezi products.

Yours Sincerely

Paul Forman
