

TRUCKSTOPPER 17

(IWA14-1:2013) V/7200[N2A]/64/90:1.7

IWA 14-1 LOW COST SHALLOW MOUNT SINGLE FIXED/REMOVABLE BOLLARD

TRUCKSTOPPER 17 is the new addition to Safetyflex's 40mph/64kph shallow mount range with a new and improved penetration distance of just 1.7 metres. With just 200mm of foundation depth required, Truckstopper 17 is one of the shallowest single rated, low penetration distance bollards on the market today.

The shallow foundation reduces the need to re-divert utilities, making for a more cost-effective installation and reducing time on site. This patent protected design is the latest technological breakthrough from Safetyflex with a small foundation footprint which utilises our patented military-grade spring steel which has the ability to stop a 7.2 tonne truck travelling at 40mph/64kph with no damage to the internal bollard allowing for it to be reused.

The versatile Truckstopper 17 is available as a static or removable option and can be integrated with bespoke street furniture designs; including planters, benches and litterbins for a more discreet HVM solution.

APPLICATION

- ▶ Airports
- ▶ Sports Arenas
- ▶ Retail Parks
- ▶ Police Stations
- ▶ Critical Infrastructure
- ▶ Government Buildings
- ▶ Conference Centres
